

Dear Reader,

It is the time of year where we give thanks. Let's be honest; 2020 has been quite the challenge for so many. I am always thankful for my family, friends, and clients. There is no doubt this holiday season will be much different than those in the past. This month I hope you can take a small moment for yourself and those you love.

There is nothing like adding a little color in your life to change things up and brighten your mood. When it comes to coloring hair, my daughter Taylor is so talented. Whether it is keeping up my crazy blonde or adding a dose of vibrant color to her clients' locks, color can make you smile. Check out her Instagram [@TaylorPaschalCosmo](#) or book an appointment online <http://colorlounge.com/contact-1> . November thru December, Taylor is offering a gift with service.

If comfortable and stylish is what you are looking for in preparation for that yummy Thanksgiving dinner, visit Krissy at Cowgirl Princess in La Canada. Bring this letter, and she will also have a gift with purchase. Located at 1375 Foothill Blvd in La Canada.

With the start of the holiday season, if you are lucky enough to get out of the house, I hope you can shop local. There are so many remarkable small businesses throughout our communities in need of our support.
